A gift card is often given as a person gives a number of dollars on a gift, either for the recipient to spend, or so the giftee can use the value of the gift card to buy something for themselves. Gift cards are popular both for their ease of use and also due to their design. The gift card itself is small, flat, and portable, meaning that it can be sent through the mail quickly, and delivered to the recipient easily. A gift card can be useful for any number of reasons, including a couple of key situations. 1.

Gifting a person in a financial position. Let's say you're in a romantic relationship with someone who has financial struggles. Giving a gift card for a store that they can use to buy clothing and other items they need would be a fair way to go. 2. Surprise someone. If you want to surprise someone with a gift, give them a gift card for the store that they already shop at and they'll never know what the gift is for. 3. Gift giving in general. If you're gifting a person a gift card, it'
